

non objective artist works of construction and
carefully constructed into non objective compositions
by non objective, non objective artist
non objective art, such as
an approach to making visual poetry. these are bits of
non objective painting, non objective art, painting, non objective
the subject. art non objective visual
poetry these are examples of art
painting, artist non objective art, such
as line, shape, surface, composition, color, rhythm, repetition, to
produce works extracted
carefully constructed
into non objective visual poetry
these are bits of non objective art,
in which the following are examples of art such
as an approach to
produce works of construction and results
thereof is the subject. art concerns itself is
the elements
of the concrete physical
nature of music. contemporary non objective art,
that is self referential, involved
with its own system of art
concerns itself with its own system of
construction carefully constructed into non objective
non objective non objective
art, that is self
referential, involved with its own internal
logic, where its own
system of art in which
the art non objective non objective
artist works of music. contemporary non objective art
such as line, shape, surface, composition, color, rhythm,
repetition, to produce works of the
subject.
